About Us

KushAlaya helps elder stay safe, independent and dignified in their own homes, with care that starts at the front door and not at the hospital. Founder - Krish Posa, - I want to help prevent falls and give every elder the support and tools to live independently, with dignity, in the comfort of their own home..

Our Strengths :

Advanced Technology

Experienced Eldercare Professionals

KushLife Visit

"Our promise to every family"

- Free assessment with report & One accountable team.
- Clear quotes, photo proof.
- No lock-in. Pay per visit or monthly/Annually

KushAlaya
Safe. Comfortable. Diginified. at Home

Elder care at home for your parents

Assess, Recommend, Improve, Support

KushLife - Ever visit, We assess the **"Kush"ness**.

www.KushAlaya.com

Why Choose Us?

- **A method, not a guess.** The assessment follows AARP HomeFit and CDC STEADI guidance, adapted for Indian homes.
- **Proof after every job.** Photos and a completion note go to the family portal and app, so nothing is hidden.
- **Built for families far away**. Updates and photos after every visit, plus SOS alerts to your family portal.
- **Fair terms.** A free first assessment, a full quote before any work, and no lock-in. A family can walk away at any time.
- **Founder-led and local**. Krish Posa's team is on the ground in 8 cities, so your family gets a named person and not a call center.

Built on AARP HomeFit and CDC STEADI fall-prevention guidance, adapted for Indian homes. You get a Safety Score and a clear list of what to fix first.
A home safety assessment, not a medical diagnosis.

5 Questions to ask about your elders Home.

- Is the bathroom floor slip-free?
- Are there grab bars?
- Is the path to the bathroom lit at night?
- Are the stairs steady, with a handrail?
- Can they call for help quickly?

Not sure? Book a free check.
